

Announcement

33. Joint Annual Meeting of the German Society for Minerals and Trace Elements (GMS) with Zinc-UK

Aachen, Germany, September 28th – 30th 2017

This year the annual meeting of the GMS will be held together with the autumn meeting of Zinc-UK. The conference will cover the effect of different minerals and trace elements on human and animal health. Half of the talks will cover the influence of zinc on different organ systems, whereas the other half will be on other transition metals and their impact on health and disease. Additionally all topics within the field of minerals and trace elements are welcome for posters and short presentations. Short presentations will be selected from the posters.

General Topic: Zinc and other transition metals in health and disease

Location: RWTH Aachen University Hospital (Uniklinik RWTH Aachen), see picture above
Pauwelsstr. 30, 52074 Aachen, Germany

Local Organization: Prof. Dr. Lothar Rink, Dr. Inga Weißels, Dr. Martina Maywald

Congress Secretary: Dagmar Marx, Tagung2017@gmsev.de

Scientific Award: The Zumkley-Prize 2017 for young scientists whose PhD defense is no longer than 6 years ago will be awarded during the meeting. Please see separate announcement.

Deadlines: Deadline for abstracts is July 15th 2017
Deadline for registration without presentation will be August 15th 2017

Ärztliche Fortbildung: Information only for German physicians.

Diese Veranstaltung ist mit folgenden Fortbildungspunkten bei der Ärztekammer Nordrhein beantragt: Donnerstag (Abendvortrag, deutsch): 1 Punkt

Freitag (ganztägig, englisch): 6 Punkte

Samstag (halbtags, englisch): 3 Punkte

We hope to welcome you in Aachen.

The Aachen cathedral was the first world heritage in Germany. The emperors of the German-Roman-Empire were crowned in Aachen and the emperor Charlemagnes choose Aachen as his capitol since it was in the middle of the kingdom from the borderline to Spain to the borderline of Russia. Therefore Aachen is still located in the middle of Europe. Additionally Aachen has hot springs and spa waters, which you can taste downtown.

Title: Type the title without abbreviations

Authors: Give full names without academic titles of all authors

Affiliations: Indicate the affiliations of authors and mark corresponding author by an asterisk*. At the end type e-mail of corresponding author

Introduction: Please describe the background of your study

Aim: Please describe the aim of your study in 1 sentence

Methods: Briefly indicate the methods used

Results: Describe the results of your study

Conclusion: Summarize the main conclusion of your study in 1-2 sentences.

Do not change any format (margins, font & pt of paragraphs).

Do not delete any first word in bold. Just overwrite the instructions after the colon: using the given format of the text.
