

Announcement

34th Annual Meeting of the German Society for Minerals and Trace Elements (GMS)

Jena, Germany, June 7th to 9th 2018

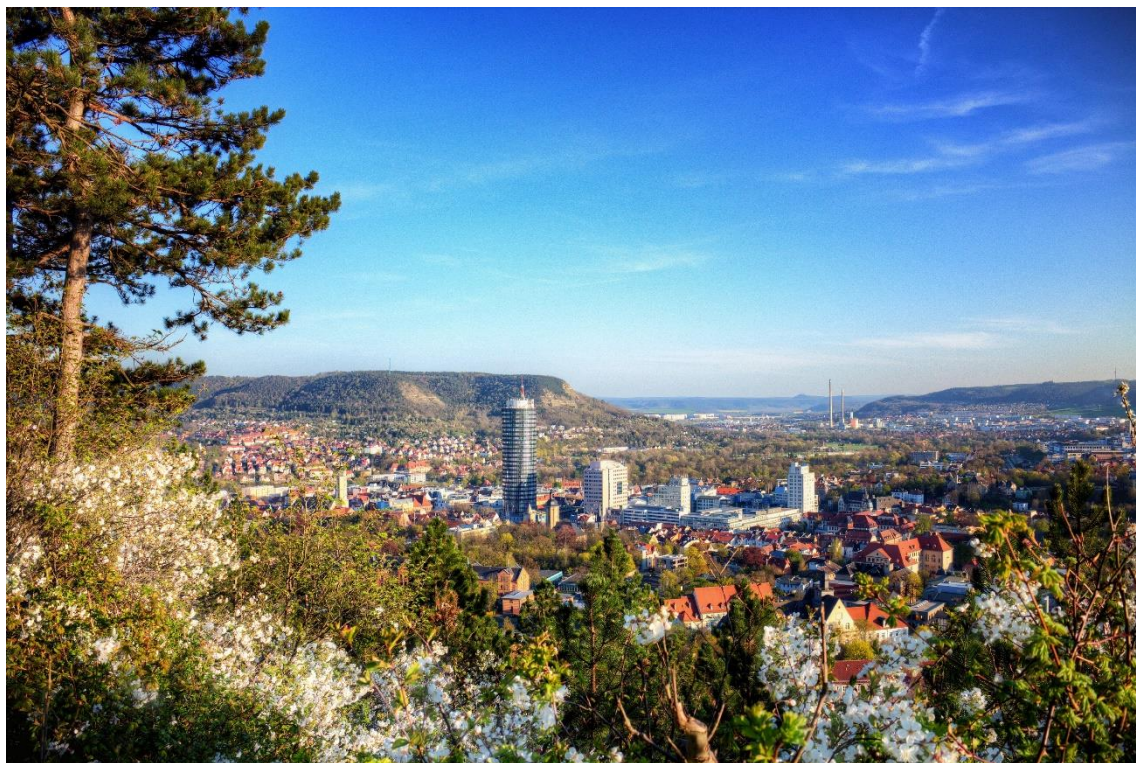

Bild: Jena (Copyright: www.urbandreams.de)

This year's GMS conference will focus on molecular interactions of minerals and trace elements. All aspects from health benefits to potential risks will be covered. The meeting will be supported by the DFG Research Unit "TraceAge" which will also organize one session. In addition, all topics within the field of minerals and trace elements in medicine and biology are welcome for posters and short presentations. Short presentations will be selected by the program committee from the abstracts.

General Topic: „Health benefits and risks – from single essential elements to molecular interactions“

Location: Friedrich Schiller University Jena, Rosensäle
Fürstengraben 27, 07743 Jena

Local Organization: Prof. Dr. Anna Kipp, Dr. Kristina Loßow

Congress Secretary: Mandy Schalowski tagung2018@gmsev.de
Friedrich Schiller University Jena
Institute of Nutrition, Molecular Nutritional Physiology
Dornburger Str. 24, 07743 Jena
phone: +49 (0) 3641-949670 fax: +49 (0) 3641-949672

Program Committee: Prof. Dr. Dirk Schaumlöffel, Prof. Dr. Tanja Schwerdtle, PD Dr. York Schmitt, Prof. Dr. Bernhard Michalke, Prof. Dr. Lutz Schomburg, PD Dr. Esther Humann-Ziehank, Dr. Kostja Renko, Daniel Brugger

Program & Workshop: See further attachment

Conference fee: There will be no registration fee for admission, but registration will be required for attending the event.

However, on site there will be a consuming charge of 20€ in cash (to pay on the registration desk) for all breaks and social events (coffee breaks, lunch, drinks & dinner during poster session).

Registration: Registration is immediately open after this announcement. Please register through the webpage <http://gmsev.de/index.php/anmeldung>. The abstract template is available on this page, too.

Travel Support: Junior GMS members can apply for a travel support if they are actively contributing to the conference. Please send your application to tagung2018@gmsev.de.

Deadlines: Deadline for abstracts will be April 30th 2018.

Deadline for registration without presentation will be May 30th 2018.

Ärztliche Fortbildung: Information only for German physicians.
Für diese Veranstaltung werden Fortbildungspunkten bei der Ärztekammer beantragt.
Nähere Informationen dazu finden sich auf der Homepage.

We hope to welcome you in Jena.

The city of Jena is characterized by a fascinating combination of an interesting history, a beautiful landscape, an innovative and international research and business infrastructure, and vibrant student life. This rich diversity creates a unique atmosphere typically for this small, lively city. For further information on venue and accommodations, see the following link: <http://www.gmsev.de/index.php/anreise-und-unterkunft>.
